

QLS 820 Early Customer Program

Secure your printer and receive complimentary software, training, and printer command center!

Being first has its advantages - that includes joining the QLS 820 Early Customer Program with Nexa3D!

For a limited time, we're providing an exclusive offer to our first five QLS 820 customers to ensure you can leverage the QLS 820 solution for your manufacturing needs. From software to service and support - we've got you covered. Early customers gain access to preferred financing options as well as:

- QLS Command Center (55" touchscreen, preloaded with software)
- NexaX QLS Standard (2 Seats of NexaX Job File Preparation)
- NexaX QLS Manufacturing Software
- Nexa3D On-Site Engineering Training
- Pre-shipment Printer Evaluation
- First access to automation-ready build units in 2023

Printer availability is limited. All you need to do to secure your QLS 820 printer, and Early Customer Program status, is submit a PO for your **fully-refundable** 5% deposit. *Payment is not due until you receive benchmark parts manufactured to your satisfaction.*

Printers will be provided in the order that deposits are received.
